11.	Cancer	Moon, Movable, Water	Associates with gentle and sensitive people.
12.	Leo	Sun, Fixed, Fire	Shy of being at the center of attention.

Characteristic tendencies : Though Virgo natives are highly skilled and extremely clever, they may lack self-confidence. Despite their clear discrimination, they may occasionally get carried away by their emotions. Mercury's influence can make them ingenious, diplomatic, and shrewd,

and enable them to rise high in life. However, they are extremely sensitive and may suffer from too much nervous stress. At times they get overwhelmed with anxiety over details and fail to see the big picture of an issue.
