12.	Virgo	Mercury, Dual, Earth	Pays too little attention to detail.

Characteristic tendencies : The natives of Libra rising have a reputation of being too submerged in sensuality, but they are also quick-witted, forceful, and skilled at observing human nature with clarity. They are idealistic rather than practical, and the power of their ideals may wield a great,

perhaps even hypnotic, influence over others. In such cases, it is difficult to reason with them. Due to the influence of Venus, they appreciate beauty and love music and arts.
